

Nutty Squirrel Dog Cookies

2 eggs

1/2 cup vegetable oil

1/2 cup cold water

2 tsp. vanilla

1 tbsp. honey

3 tbsp. peanut butter

1/2 cup oatmeal

1/2 cup cornmeal

2 cups flour

Preheat the oven to 400 degrees.

Mix the first 6 ingredients together, mix in the last 3 ingredients. Stir until thoroughly blended. Roll the dough out to 1/4 to 1/2 inch thick. Cut out cookies with your favorite cookie cutter, I like to use a squirrel. Place cookies on a no stick or lightly greased baking sheet. Bake for 20 mins, then turn off the oven and leave them in the oven or another 1/2 hour or so to get really crispy. Store in a sealed container out of the dogs reach or they will be gone!
